SUMMARY

Front-End Developer with a Bachelor's degree in Computer Science (2026) and a comprehensive internship at BluLogix, with hands-on experience building responsive web applications using React, TypeScript, JavaScript, and REST APIs. Experienced in developing user interfaces, integrating APIs, and deploying web applications.

SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL

Front-End: React, Next.js, Tailwind CSS, Responsive Design, REST API Integration, Cross-Browser Compatibility

Tools: Git, GitHub, Vercel, Netlify, VS Code

EXPERIENCE

Front-End Developer (Internship)

Mar 2026 – Jun 2026

Durrat Al Bayan - BluLogix, Amman, Jordan

- Completed a structured web development internship program focusing on semantic HTML, CSS layout techniques, asynchronous JavaScript, and REST web services.
- Built responsive web interfaces and integrated RESTful APIs to fetch and display dynamic data seamlessly.
- Applied algorithms and problem-solving skills to optimize page interactions and component rendering.

PROJECTS

Electronic Academic Journal Certification System | *University Project*

- Developed a full-stack system to digitize university research approval workflows, streamlining the accreditation of academic papers.
- Designed ER diagrams, SQL database schemas, and multi-role administrative review pages for secure data management. **Tech:** PHP, MySQL, HTML, CSS, JavaScript.

Weather App | Dynamic Weather Application

[GitHub](#) | [Live Demo](#)

- Built and deployed a responsive web application that lets users search any city for real-time weather data and use geolocation for automatic local updates.
- Implemented secure handling of the OpenWeatherMap API, state management, and persistent last-searched-city memory via localStorage. **Tech:** React, TypeScript, OpenWeatherMap API.

Resto | Restaurant Landing Page

[GitHub](#) | [Live Demo](#)

- Created a comprehensive restaurant website featuring live menu searching, an accessible dropdown navigation, and a dark mode toggle with persistent theme memory.
- Implemented HTML/CSS layouts, JavaScript interaction logic, polished scroll/hover animations, and backend scripts for dynamic event tracking. **Tech:** HTML, CSS, JavaScript.

EDUCATION

Bachelor's Degree in Computer Science

Oct 2022 – Jul 2026

The World Islamic Sciences and Education University, Amman, Jordan

CERTIFICATIONS

- Full Stack Web Development | Al Hussein Technical University

LANGUAGES

Arabic (Native) | English (Good, written and spoken)
